LET'S FLY

A NEW DAY BRINGS NEW OPPORTUNITIES

Having added new routes throughout Europe and beyond, Delta Air Lines now serves more worldwide destinations than any other airline. As the leading US carrier across the Atlantic, we are entering the next chapter in our exciting history and a new era in travel.

Delta will soon* operate routes from London Heathrow to both New York and Atlanta. In addition we're flying from Edinburgh to New York and, seasonally, to Atlanta. We've developed technology to help with ticketing and check-in, getting you to the gate faster. We are providing passengers with great entertainment and the best environment on the ground and in the air. We are recognising and rewarding travellers for their loyalty. And we are committed to exceeding customers' expectations, rather than just meeting their travel needs.

THE BEST

Welcome to Delta BusinessElite®, our award-winning intercontinental business class, which we are making even better.

Among the first things that passengers will notice is the personalised five-course dining menu including creations from celebrity chef Michelle Bernstein. One of America's most exciting new chefs, she has designed a number of main courses especially for Delta.

To complement these mouth-watering meals, passengers can choose from the fine wines handpicked by our award-winning sommelier. Or, they can try one of the signature cocktails from Rande Gerber, owner of America's chicest bars.

We are also making the cabins more comfortable. We already offer extra space thanks to our 'no-middle-seat policy', but we are upgrading our popular sleeper seat. More comfortable leg rests complement the seat's 92.5cm legroom and full 160° recline.

JUST GOT BETTER

We are adding extra cushioning with memory foam for additional support, stylish leather coverings, better headrests and tray tables. What's more in 2009 we are introducing a flatbed on our B767 service.

BusinessElite passengers also benefit from nature-inspired personal amenity kits, courtesy of Lather — a personal care company that specialises in all-natural body, skin care and aromatherapy products. Lemongrass Wasabi Hand Wash and Cucumber & Ginseng Facial Mist are just some of the products that will help keep passengers ready and refreshed for what lies ahead.

For people who need to work inflight, all our seats have individual reading lights, increased console space and in-seat laptop power outlets requiring a US adaptor. When it comes to relaxing there's more than enough entertainment to choose from. New movie releases, movie classics, sitcoms, news and sport channels, as well as a choice of classic games.

Of course, it goes without saying that BusinessElite passengers benefit from priority check-in and baggage claim, as well as access to our exclusive lounges.

We can't bring the US any closer, but it will certainly feel like it.

MORE PLACES AROUND THE WORLD, IN MORE STYLE

We are refurbishing our aircraft interiors by adding comfortable all-leather seats, brighter lighting and updated lavatories so passengers in all classes will feel more comfortable.

We are also upgrading our entertainment system to offer award-winning, on-demand entertainment at every seat, no matter what part of the plane they fly in.

To add a certain unique style, we have asked night life entrepreneur Rande Gerber to create signature Delta cocktails. We will introduce new, delicious cocktails every few months to enjoy on-board (a complimentary cocktail will be available with main courses on international flights in economy class) and on the ground in our Crown Room Clubs® and BusinessElite lounges.

In addition, to help ensure that economy passengers arrive refreshed, we have added a complimentary amenity kit with eye shades and ear plugs.

BRINGING THE OFFICE TO THE AIRPORT

Our Crown Room Clubs are synonymous with convenience, comfort and personal service.

Business travellers passing through Frankfurt, Munich, London, New York, Cincinnati, Atlanta and over thirty other destinations across the US and beyond will find a club that is far more than just an escape from the hustle and bustle of a modern airport.

Crown Room Clubs offer access to frequent traveller security lines, complimentary snacks, fully stocked bars, phone, fax and T-Mobile® high-speed wireless service. And did we mention peace and quiet?

With personalised flight assistance provided by our dedicated staff, members feel at home in any of our lounges. Plus, they receive complimentary access to other select partner lounges — whether flying Delta or another airline.

Crown Room Clubs bring the office to the airport. Members can host a meeting in one of our in-house conference rooms complete with audiovisual equipment and catered meals.

They will never want to meet anywhere else! But we make it easy when they do by providing unlimited access to The Regus Group's 750 business lounges in prestigious office buildings around the world.

Named the best airport lounges by Executive Travel magazine readers, Crown Room Clubs are accessible by purchasing an annual membership or a one-visit pass.

WE'VE BEEN BUSY AT THE WORLD'S BUSIEST HUB

Passengers will notice a big difference the next time they're passing through Hartsfield-Jackson Atlanta International Airport — our flagship hub and the world's busiest airline hub.

As part of our ongoing transformation, we have invested in new technology, products, equipment and facilities to improve all aspects of the travel experience and get travellers onboard as quickly and easily as possible.

They'll first notice the extensive renovation of our lobby, offering 50 percent more space, new electronic signage, more check-in positions and an intuitive design to get them in and out faster. We've also:

- Added more kiosks with international check-in and dual language capabilities
- Implemented new "bag drop" technology to speed up the check-in process
- Built a roomy Crown Room Club on Concourse C for customers travelling on Delta Connection® carrier flights
- Installed new carpeting, lighting and seating areas on our concourses

A seamless and industry-leading travel experience awaits those flying to or from Atlanta, where we offer more non-stop flights and destinations than any airline in the world.

ARRIVING PASSENGERS WILL LOVE LONDON AND PARIS

Delta BusinessElite passengers arriving in London Gatwick and Paris CDG can have access to these airports' arrivals lounges. The Gatwick lounge features luggage storage, wi-fi internet access, a suit-pressing service and private bathrooms with showers.

DELTA LOVES NEW YORK

That's why we are continuously striving to upgrade our facility at New York City's John F. Kennedy International Airport (JFK) — one of our major international and domestic hubs, with a total of 183 peak-day flights to 77 worldwide destinations.

We are updating our JFK facilities to make the travel experience easier and more convenient. Recently completed refurbishments include:

- Dedicated BusinessElite check-in area in Terminal 2
- Opening exclusive First Class/Medallion check-in area in Terminal 2
- Refreshment facilities in Delta's BusinessElite lounge and Crown Room Clubs
- Self-service kiosks for international and domestic check-in

Flyers in a hurry can now travel from a choice of destinations in Manhattan to JFK (or vice versa) in just eight minutes thanks to our partnership with US Helicopter's Airport Shuttle Service.

And we have implemented baggage technology to speed up the check-in experience, as well as adding recharge stations and Nintendo download stations.

Passengers can visit one of the restaurants or cafes in Terminal 2 including Starbucks, Todd English Bonfire Grill, Balducci's, Legends Sports Bar, and French Meadow Bakery & Cafe.

Those in need of a gift or reading material can check out Terminal 2 retailers, including Hudson Newsstand, Discovery Channel Airport Store, Life Is Good, Kidsworks and CNN Newsstand.

Like we said, Delta loves New York. We think you will too!

WE'RE SPREADING OUR WINGS

On Delta routes old and new we offer transatlantic flights at convenient times, so that passengers arrive fresh and ready for business, pleasure or an onward journey.

Our expansion on this side of the Atlantic makes it easier for fliers to connect with the Delta network.

From our hubs in New York JFK, Atlanta and Cincinnati, we offer over 230 Delta destinations throughout the US, Canada, Latin America and the Caribbean.

Globally, we now offer flights on Delta and Delta Connection® carriers to more than 50 countries and over 300 destinations. Add on our SkyTeam® and worldwide codeshare partners, and that becomes 475 worldwide destinations in 104 countries.

There's much more behind the numbers. We don't just carry passengers, we look after them. We employ flight attendants who speak local languages and we have multi-lingual technology and in-flight services that cater to their needs.

It's all designed to renew passengers' trust and make a small world even smaller.
